25 November

everything is alright, more or less

after travelling 7 weeks now through oz, we arrived in brisvegas aka brisbane. i will fly to melbourne next week or a week later, dunn yet. there will be a nice "urban art" festival here called "[straight out of brisbane](#)". a festival of independent and emerging arts, culture and ideaurban art, also hackerstuf, performances, street art etc. so it may be the 12th, i fly down to melbourne looking for a job and a shared room (wg). the money is running out of my pocket as fast as an "roo" jumps.

so what happends so far? damm it! a lot, but it is more personal stuff, so i ain't wanna write it down here.

oz, the nature, the people and everything else here is unbelievable. i love it and i am so glad that i get my ass kicked out of duesseldorf. i will definitiz stay here till october, now matter what happends.

hope everybody is alright! if you want to call my up, you can! my mobilenummer is:

+61 04 3721 2966

you need to check out some call-by-call service to call, think from the "telekom"-netz via 001015 or something like this.

take care!

ps: i want to try to write in english now and in the future. be smart, i have no "spell-checking" programm here now :-(
